## DAILY ANALYSIS SERVICE FOR FINDING MEDICAID OHI

“ Rather than recovering less than 10 cents for every dollar spent on third party liability efforts, we'd rather avoid future managed Medicaid claims by auditing member eligibility everyday using their Medicaid pharmacy claims. ”

### SERVICE BENEFITS INCLUDE:

- Prepayment identification of Medicaid users with Other Health Insurance (OHI)
- Captures savings for both pharmacy and medical OHI segments
- Four times the coverage segments identified versus traditional COB
- Free evaluation of OHI within Medicaid pharmacy claims and “No Risk” business model
